Report from Zoning Administrator: Not Present

Old Business: Dick Jacques reported that he had attended the Zoom update on the TCE Plume. At present the plume is moving away from Kearney Township and towards the Shanty Creek. The Mancelona water authority is planning to expand its system to service households in Shanty Creek Village to stay ahead of potential ground water contamination in this area.

New Business:

Mr. Bryon Ries advised the commission of a potential request a zoning change on the property east of the Township Hall to build an RV park. No action was requested.

Tim Murray reminded commission members of the training opportunity registration deadline on 2/23.

Steve Alger expressed concerns of the redundancy of information requested in the current Zoning Application form. He will prepare a modified form for our review.

The Commission looked at current Zoning, Future Use and other Township maps. It was noted that many property line changes have occurred since the map we were looking at was published. Ed Niepoth will request updated maps from Antrim County.

Ed Niepoth will also ask Dan Hiltz for records for any zoning changes approved since the current map was published so the Commission can update this map.

Ed Niepoth provided an update of what the Township does to support parks and recreation in the Township and beyond.
